## PETITION TO THE CLINTON PLANNING BOARD

Dear Members of the Clinton Planning Board:

As Town officials, you are charged with safeguarding the environment. We urge you to make a **POSITIVE SEQRA DECLARATION** and schedule further Public Hearings so that residents can weigh in on all the harms this unprecedented expansion as a resort and spa may bring to our environment and community.

----- Petition Text -----

**We the undersigned** are asking you to issue a **Positive SEQRA Declaration** and immediately schedule a Public Hearing for the Six Senses Resort project. The public has a right to be involved because it is OUR COMMUNITY that is at risk from this unprecedented Clinton project in a sensitive ecological area. The standard for a Positive Declaration is low - only that the project MAY create significant harm. Let the public weigh in before making this critical decision!

----- End Petition Text -----

**We received over 200 local signers from Clinton and nearby municipalities.** CSHV is committed to protecting the *Personally Identifiable Information (PII)* of both members and petition signers—and recognizing that this petition will be *publicly* accessible on Clinton’s website—we have taken the following steps:

1. Mapped each provided address to corresponding tax Municipality using Dutchess County’s Parcel Lookup Tool at <https://gis.dutchessny.gov/parcelaccess/>
2. Stripped out signers failing to provide a *valid* local address.
3. Withheld certain PII such as e-mail addresses.

*We invite any Planning Board member to review the raw petition signer information offline if further validation is desired, upon request to [commonsenseshv@gmail.com](mailto:commonsenseshv@gmail.com).*

Respectfully,

Concerned Citizens of Common Senses Hudson Valley
